Hi everyone: Let's please double-check dates/locations. Asja and Brian asked for Oct. 12 in [redacted] and Oct. 13 in [redacted]. Elizabeth notes the opposite below, with [redacted] on Oct 12 and Ohio on Oct. 13.

Elizabeth: can you confirm the correct dates/locations?

Asja and Brian - if it turns out we need to go to [redacted] first, can you do that with your travel plans?

Thanks,
Kent

Asja,

The two field owners have confirmed the dates (October 12th for [redacted] and October 13th for [redacted]) and have confirmed the 9am sampling time.

Here are the POCs:

Hi Elizabeth,

9 am should work just fine for [redacted] sampling. I take it everybody agreed and it's OK for me to proceed to make our travel arrangements for these sites?

Thanks!

Kent,
I will confirm the times with the fields and email you confirmation. Yes, that is correct, we will not be sampling the week of October 10. For the rest of the month, I am working with the recruitment team to get the signed agreement forms from the fields who have given us verbal agreement. Tentatively, we will do 3 fields the week of October 17 (one signed agreement form to date) and one plant (provided we get agreement); we will do at least two fields possibly three the week of August 24th (one signed agreement form to date). After that I anticipate at least three fields for the first week of November and the second week of November. I will confirm once we have more agreement forms returned. Please let me know if this schedule works in terms of prepping sampling kits.
Thanks,
Elizabeth

Subject: RE: EPA / ATSDR Sample Collection Info

OK, thanks. So, if the field owners agree, it looks like ☐ on Wed 10/12 at 9:00 am and ☐ on Thurs 10/13 at 8:00 am.

We will ship the sampling kits for both fields to [REDACTED] in Cincinnati for arrival on Friday October 7. We will also ship the portable freezer for arrival on Friday.

Elizabeth - did I remember you saying you would not be collecting samples the week of Oct. 10?

Recycling Plant Sampling Note:

Elizabeth, Asja, and Brian - As you know, we will be collecting duplicate sets of recycling plant samples at the [REDACTED] this week. So, there will be two sampling kits for each location. Please note that I am only sending one set of collection scoops for each plant. They will be in only one of the boxes, not both. Likewise for safety glasses.

Best wishes,
Kent

Hi guys,

Those dates should work well. We're planning to sample [REDACTED] on Wed., 10/12 (9:00 am-11:00 am) and [REDACTED] on Thurs. 10/13 (8:00 am-10:00 am).

If the dates/times work well for the field owners/managers we will make the travel arrangements.

We are planning on driving, so it would be the simplest to ship everything here. Since both Brian and I will be out this Friday, please send it to Michael Ware's attention. I've let him know to expect the shipments.

Kent, sounds good for the [REDACTED] We'll get in touch once we make it back to the hotel.

Thanks!

Asja and Brian

Hi Kent,

Yes, we have signed agreement forms from the two fields. Please confirm that the following dates work for the sampling:

☐ Wednesday, October 12
☐ Thursday, October 13

Once confirmed, I will confirm with the field owners/managers. Also, I have asked the recruitment team to reach out for the specific POCs and will send to you once received.

Thanks,
Elizabeth

Thanks for the information Asja and Brian. Here is my cell number: ☐ We should definitely catch up in ☐ It would be good to get together late Wednesday to go over the field sampling protocol.

Ex. 3 (CERCLA section 104(a)(2)(B) USC 9603(a)(2)(B))

It is my understanding that we have signed agreements with the [REDACTED] fields. I am copying Elizabeth to confirm. I think we need the POCs for those fields.

By the way, I anticipate that you will be driving to the fields in [REDACTED]. We will probably ship to you in Cincinnati the portable freezer we purchased to freeze down the ice packs that go in the microbiological shipments from fields. If you are driving, it should be easier than trying to find and manage dry ice to freeze the ice packs down. We will ship it for arrival this Friday.

Thanks,
Kent

Hi Annette and Kent,

We just wanted to let you know that we contacted [REDACTED] and confirmed sampling for Wed. 10/5 between 2:00 and 3:00 pm.

Kent, feel free to call/text my cell [REDACTED] so we can figure out the sampling details for Thursday.

Do we have all of the written agreements for [REDACTED] synthetic field sampling? We were planning to complete those the week of the 10th.

Thanks!

Hi Brian and Asja:

Please contact [REDACTED] to set up a sampling time for the [REDACTED]. Let me know what time you end up with.

We will ship the two recycling plant sampling kit boxes directly to the address they provided below. We will plan to ship on Monday for Tuesday delivery at the plant.

(As a reminder, we are collecting duplicate sets of samples from [REDACTED] - we will analyze one set and hold the other set in freezer storage here in RTP in case the company wants to have them analyzed elsewhere in the future).

Thanks,
Kent

Hello

Thanks for working with us on the tire crumb rubber project. I am contacting you to ask if you can provide point-of-contact information for the [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] If it is OK with you and the POC in [Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))]] we would like to ship our two sampling kit boxes directly to the plant. We would plan to ship for arrival on Tuesday Oct. 4 in advance of our sampling team's visit on Wednesday Oct. 5. If this works for you, we will need the name, telephone number, and UPS shipping address.

I am copying our sampling team members Asja Korajkic and Brian McMinn, who are in our Cincinnati laboratory.

Best wishes,
Kent Thomas
